70	10years	yes	yes	Times etc	yes	yes	Details required	Details required

These are the minimum requirements for high grade promotions. Up-gradings are not a foregone entitlement.

Re Applying for BJJAGB Membership and grade recognition from prolonged absence.

There are many reasons an individual may wish to really for membership and these will be taken into careful consideration by the National Executive and Technical Committee.

If the applicant has been out of active training and or membership of the BJJAGB for more than a sustained long period the Applicant must undergo all the required coaching Courses and Referee courses equivalent to the candidates existing grade. No existing grade quill be considered unless this is completed.

Upon successful Completion the National Executive and Technical Committee will recognise the candidates existing grade according to the grading guidelines of the BJJAGB.

The candidate will then be in a position to continue their natural progression to their next grade in line with Grading criteria and time periods of the BJJAGB and registering Association.

There are no appeals process to this criteria.
